### ECO-FRIENDLY MOBILITY HABITS.

Take this quiz to see how to get around in a more eco-friendly way!

**#1 --- Which of these factors can help limit greenhouse gas emissions from scooters and motorbikes?**

A. Properly inflated tires / B. Driving without accelerating too much / C. Good maintenance

**CORRECT ANSWER: ALL THREE!**

**#2 --- Reducing the amount of luggage you take can help you save on fuel. TRUE OR FALSE?**

**CORRECT ANSWER: TRUE**

The **lighter** your luggage, the less **fuel** your vehicle consumes.

**#3 --- What is the average range of an electric bicycle? A. Around 8 kilometers / B. Around 80 kilometers**

**CORRECT ANSWER: Around 80 kilometers /** And the advantages of electric bikes don't stop there! Less pollution and noise than motorcycles / No fuel consumption / Ideal for going uphill

**#4 --- Your cellphone can help you travel in a more eco-friendly way. TRUE OR FALSE?**

**CORRECT ANSWER: TRUE**

You can download **apps** that show you public transportation **timetables**. If you see there's a bus on its way past your house, why not jump on it instead of asking your parents to give you a ride?

**#5 --- What's the right spelling? A. Car-pooling / B. Karpooling / C. Carpooling**

**CORRECT ANSWER: C. Carpooling**

Carpooling is a great way to **reduce the number of cars** on the road and therefore limit **greenhouse gas emissions**. Opt for carpooling when you go to see a movie or a concert with friends.

**#6 --- The greenest way to go on vacation is by: A. Train / B. Airplane**

**CORRECT ANSWER: A. Train**

On average, trains emit **one tenth of the greenhouse gases** given off by airplanes.

### **Summary:**

To **limit greenhouse gas emissions from motorcycles**, make sure the tires are properly inflated, accelerate as little as possible and keep up good maintenance.

**Travel light:** the lighter your luggage, the less fuel your vehicle consumes.

**The advantages of electric bikes:** less pollution and noise than motorcycles; / no fuel consumption; / average range of 80 kilometers.

When you go out, **carpool** if you can and use **apps** to check public transportation timetables.

When you head on vacation, opt for trains rather than airplanes to cut down on **CO<sub>2</sub> emissions** by an average of **one tenth**.
